WORK EXPERIENCE

Campus Food Bank

Seattle, WA

Data Volunteer

March 2026 - August 2026

- Cleaned weekly inventory records in Microsoft Excel and documented duplicate-item corrections.
- Built a Power BI dashboard summarizing item categories and weekly stock changes.
- Presented monthly inventory trends to volunteer coordinators using source-labeled charts.

Student Tech Desk

Seattle, WA

Technology Support Assistant

September 2025 - Present

- Logged and prioritized 15-20 support tickets each week, documenting fixes for recurring issues.
- Helped students diagnose account and software problems and escalated unresolved cases.
- Prepared short troubleshooting notes for common account and device questions.

Pine Harbor Community Lab

Remote

Data Intern

June 2025 - August 2025

- Wrote SQL queries for program attendance reports using a documented test dataset.
- Compared monthly totals with source records and flagged three duplicate entries for review.
- Summarized attendance changes for a staff meeting without altering the original records.

Cedar Grove Public Library

Seattle, WA

Circulation Assistant

June 2024 - August 2024

- Updated catalog records and answered patron questions at the service desk.
- Tracked weekly program attendance in a shared spreadsheet.
- Coordinated room setup for recurring community workshops.

LEADERSHIP & INVOLVEMENT

Data for Good Student Group

Seattle, WA

Project Coordinator

September 2025 - Present

- Organized a six-student team to map nonprofit reporting needs into a prioritized task list.
- Reviewed dashboard mockups with staff and documented requested changes.
- Scheduled team check-ins and kept decisions linked to the relevant project notes.

Business Technology Club

Seattle, WA

Workshop Volunteer

January 2025 - Present

- Led peer sessions on spreadsheet cleaning and introductory SQL queries.
- Prepared step-by-step handouts and collected feedback after each session.
- Revised workshop examples when attendees reported confusing instructions.
